EVEN BREAK IN RELAY CARNIVAL

Pull Off Some Great Sport at Varsity.

The relay carnival held on Cummings Provo resulted in a tie score. The contest furnished the best sport that has been seen on Cummings field for some mile, was a fight from beginning to end, with a spectacular finish. Utah won the half mile and Provo took the two mile and four mile

The mile relay was first, and each contestant ran a quarter. Simmons and Carmichael started, and the latter gave Gutting for the U a short lead over Crossby, who continued for Provo. Walker and Jones were the next to run, with Walker in the lead at the start. On the last quarter Chamberlain and Brinton were matched, and the Provo man put up a great fight to overcome Brinton's lead, and after a desperate effort for an entire lap Brinton finished a few yards ahead of the Provo man. In the four-mile race, the B. Y. U. had an easy time with the U milers. and Holdaway finished nearly a half lap ahead of Alley for the U. mile was a close contest. Exery race, except possibly the located at Los Angeles, and more are expected to go this week.

> Walter Bargett, the man who ran Kramer such a close race for the chamonship last season, and who is signed to ride at Salt Lake this year, left for Los Angeles Friday. Crebs and Lawson are scheduled to leave for Los Angeles next Tuesday; Walker and Stenhouse, two of the men who are said to have been signed for Vailsburg, arrived at Los Angeles this week. Other riders on hand are the two Samuelson boys. Palmer, Achorn, Staver, Hoffman, Furman and Agraz. This will give Manager Pickering of Los Angeles a good field of professionals for the opening meet next Sunday.

> Manager Heagren of the Salt Palace track states that the new track will be completed by the end of the week, and all agree that it will be a beauty. It will be turned over to the riders to start training at once, and will give the local bunch a chance to get in great shape for the opening of the season. From now on riders are expected to arrive in the city, and unless all indications fail, there will be a large field here when the season opens.

The Australian bunch will arrive within a few days, and it is thought some of the foreign riders will be as fast as any riders in the country today. As they have all had experience in riding saucer tracks, and as all have been racing all winter, they should be in good shape when they hit Salt Lake.

Little Rock, Ark., May 1.-R. E. Walker, the South African spinter, who beat James A. Rector of Arkansas at the Olympic games in the 100-yard dash last summer, will meet Rector in a return match at the same distance with Kerr, the Canadian champion, also a competitor, if Governor Donaghrey of Arkansas is successful in persuading Rector's father to raise no objection to his son's return to the cinder path.

The governor has interceded in Rector's behalf, influenced by hundreds of Arkansans, who think the native can turn the tables.

TUESDAY

Chicago, May 1.-The postponement of many ball games during the storm has again raised the question of the advisability of beginning the season so early in the north.

Jimmy Collins, the former Boston star, now manager of the Minnesoca association club, thinks playing should start later.

The weather is so uncertain here.' says he, "that it would be much better to open the season in the south and remain there as long as possible. It not only hurts the players as to their condition, but it puts some pitchers out of business for weeks afterwards, and I doubt whether the club is ahead in the end, for if you lose the services of one good pitcher for a few weeks it may put you to the bad and cost you more

"I have never been in favor of opening in cities where the weather is cold, and I hope that next year the western teams in the American association will start the season in the south. It helps game, too, to have all the players in the best of condition, for they can put up a better article of ball when in playing form."

TO PLAY OR NOT TO PLAY.

Vancouver B. C., May 1.—The chances are that the proposed Northwest league ball game at North Vancouver on Sunday will be called off. There is a by-law prohibiting Sunday games in this city, but in the town across the bay no enactment is in force, so it was proposed to play the game there. But the executive officers of the Lord's Day Alliance have taken action, with the result that if the players appear on the field they probably will all be arrested. Mayor May of North Vancouver obtained permission to prosecute the ball players under a federal statute which has never before been in use in British Columbia.

COACH HARMON MAKES STATEMENT

The following statement was hand The Herald last evening by Coach Harmon of the All Hallows regarding the squabble over the baseball game be tween the All Hallows and High school played last Friday: 'Owing to the fact that many error

were made in reporting the College High school game, I feel justified in making a few corrections. "Before the game Coach Porter and

agreed that an overthrow over first third or home should entitle the base runner to but one base. In the eightinning High school had three men of bases. The batter hit a ball that dropped in front of the plate. Kavan augh, picking it up, touched home bas and, in throwing to first, overthrew ti baseman and into the crowd. The offcials started in to send the base runner back, when Coach Porter rushed on th field, vigorously protesting, and deavoring to tell the officials what meant' by an overthrow. Seeing that Coach Porter was determined to P into execution the old slogan of High school-'beat All Hallows takes the whole High school to do i remarked that if he could not give a fair deal we would quit. Coach Porter quickly replied, 'Go ahead and quit, then,' and, withal a startling statement for the coach of any athlet team to make. I took him at his wo and called the team from the field, 116 disgraced or humiliated in the least, bu solely in the interests of fair play-"R. EMMETT HARMON. "Baseball Coach, All Hallows College
